

## Call for Invited Sessions

We are looking for organizers of invited sessions for the

### Joint conference of the GMDS & CEN-IBS 2020

BERLIN, 6 - 11 September 2020

We are looking for proposals for invited sessions. Invited sessions have a lengths of 90 minutes and include one invited speaker with a 30 minutes talk and typically 3 additional special contributed speakers. It is also possible to include a discussant or a panel discussion. The session organizer confirms to have obtained consent from the speakers. All proposed speakers will have to submit an abstract via the online system once the registration is open. Please be aware and distribute the information that each speaker can give *only one talk* at the conference (not including discussants and panelists). The conference fee is waived for the invited speaker (but not for the additional speakers). Further travel support for the invited speaker is intended but cannot be guaranteed at this stage. Please submit proposals to
